

### Zoomed Comparison for Model1: 1 perturbers, differential evolution fitting

### Zoomed Comparison for Model1: 1 perturbers, dual annealing fitting

Zoomed Comparison for Model1: 2 perturbers, differential evolution fitting

Zoomed Comparison for Model1: 2 perturbers. dual annealing fitting

Zoomed Comparison for Model1: 3 perturbers. differential evolution fitting

Zoomed Comparison for Model1: 3 perturbers, dual annealing fitting

Zoomed Comparison for Model2: 1 perturbers differential evolution fitting

Zoomed Comparison for Model2: 1 perturbers dual appealing fitting

### Zoomed Comparison for Model2: 3 perturbers differential evolution fitting

### Zoomed Comparison for Model3: 3 perturbers, dual annealing fitting

### Zoomed Comparison for Model2: 3 perturbations differential evolution fitting

Zoomed Comparisons for Model 2: 3 perturbers, dual appealing fittings

Zoomed Comparison for Model B: 1-point and differential evolution fitting
